

\$20,000 Summer Match Challenge

Dear Friend,

Krystal had a secret. She found herself pregnant and unsure who the father was.

She made a mistake and stepped outside of her marriage covenant after being influenced by a certain acquaintance... the liquid kind. The good news: she loved her husband and deeply regretted the decision. The bad news: she found herself pregnant and didn't know if her husband was the father. She felt she had to tell her husband the baby may not be his. Krystal and her husband had been trying to conceive and had been unsuccessful. She was seeking an abortion if her husband was not the father.

"If you decide to parent, is there any way that you and your husband would see this baby as the blessing you both have been waiting for?" asked the Grace House/Coastal Choices counselor. Krystal wasn't sure.

To her surprise, her husband returned with her a week later for an additional ultrasound and fell in love with the life inside her womb. They committed to growing their family and doing whatever it took to heal their marriage.

He forgave her and that, along with our counseling, gave Krystal the courage to choose life!

You make beautiful stories of love and redemption like this possible when you support Grace House/Coastal Choices.

The 2022 Summer Match Challenge allows you to increase your impact for life. Every gift given by July 31st will be doubled up to \$20,000!

Will you please donate to save lives and share the gospel of Jesus with even more women?

Yours In Christ,

Jessica Deese, Executive Director

**** Give your gift by July 31st to count toward the \$20,000 goal!**

79,648! That's the number of babies who lost their lives to abortion in FLORIDA in 2021. That's 218 per day! Here in Florida there are 62 licensed abortion clinics and an additional 221 ONLINE only clinics, offering the abortion pill via mail. We expect to see stricter abortion laws in Florida in the coming months. Florida has already become an abortion tourism site for surrounding states. There is no doubt Florida's landscape has shifted to a battleground for the unborn.

Abortion is on demand more than ever before. Abortion regulations have been lifted for the RU486 most commonly called the abortion pill through the utilization of telehealth technology, savvy advertising, and geo targeting technology. We are facing incredible challenges to save the unborn and meet the needs of women pre-abortion.

We now have a very slim 24-48 hour window to be a woman's first choice instead of the abortion pill that is now at her very finger tips.

Grace House has prayed and strategized how to take on this new challenge and meet the needs of our women, to not only continue to offer the life saving resources she and her baby need, but to REACH her.

We have renamed our centers to ensure we reach as many of the women contemplating abortion as we can. **Coastal Choices Women's Clinic** will operate under the Grace House umbrella founded to give women considering abortion a place to go before they decide. A place to feel empowered and valued. A place to find hope, care, and support. A place to find life and a place to find Christ.

Coastal Choices will strive to give every woman a choice based on truth and the highest standard of medical care and medical services. Our outward name and appearance has changed, but our mission remains the same: to save lives and change hearts by offering the hope she needs for today, and for tomorrow.
